We recommend if you do not want to take Taxi then the best plan would be Arrive at airport:

1. "Purchase an e-ticket at the Narvesen kiosk or buy it online at:  
<https://www.rigassatiksmelv/en/tickets-and-e-ticket/code-tickets/>
2. Board bus No. 22 at the designated bus stop.
3. Head towards the city center. If you're taking the bus to Jelgava, alight at the '13.janvāra iela/Autoosta' stop.
  - If you're taking the train, disembark from the bus at the 'Gogoļa iela/Centrāltirgus' stop.

Additionally, for travel from Riga to Jelgava, minibuses are more frequent (with limited capacity). opt for the train if you're carrying a lot of baggage."

In order to use Riga public transport you will need E-Ticket. Here you can learn more information about it:
