

FOODBALT 2017

11th Baltic Conference on Food Science and Technology “Food science and technology in a changing world”

FOODBALT 2017

Poster Programme

April 27–28, 2017

Poster No.	Author, Title of Poster
<i>Health-relevant food products and issues</i>	
P1.	I. Millere, R. Riekstina-Dolge, I. Beitane The evaluation of providing special diets in Riga’s pre-schools
P2.	A. Blija, A. Kotlarovs, G. Orymbetova, I. A. Skrupskis Microbiological risk assessment in catering establishments
P3.	J. Hampshire Nutrient profiling of German breakfast cereals
P4.	I. Beitane, G. Krumina-Zemture Dietary micronutrient content of pea (<i>Pisum sativum</i> L.) and buckwheat (<i>Fagopyrum esculentum</i> M.) flours
P5.	I. Vidziunaite, G. Juodeikiene, S. Vaitunaityte, E. Bartkiene, D. Zadeike The possibilities to use air separated protein rich corn processing by-products for wheat bread production
P6.	D. Konrade, D. Klava, M. Sabovics, T. Kince, Z. Kruma Plant by-products as source of functional ingredients for production of crispbreads
P7.	A. Salevic, A. Kalusevic, S. Levic, B. Bugarski, V. Nedovic Effect of extraction conditions on antioxidant compounds from blackberry leaves
P8.	E. Puidaite, R. Gendvilas, A. Sarkinas The efficiency of ultrasound impact on decontamination of <i>Escherichia coli</i> on lettuce leaves
P9.	A. Patetko Possibilities to prevent meat product spoilage by reducing chemical compounds
P10.	A. Kirse, I. Beitane, R. Riekstina-Dolge, S. Vilums Survival of lactic acid bacteria from fermented dairy products in a gastrointestinal tract simulator
<i>Quality and safety of processed foods</i>	
P11.	F.-K. Lucke Microbiological safety of organic and conventional foods
P12.	A. Kluga, M. Kacaniovā, A. Kantor, K. Kovalenko, M. Terentjeva Identification of microflora of freshwater fish caught in the Driksna river and pond in Latvia
P13.	L. Volkute, R. Zvirdauskiene, R. Kazernaviciute, M. Tichonovas, A. Sipailiene Effect of ozone on <i>Listeria monocytogenes</i> in Atlantic salmon during storage
P14.	R. Jukonyte, D. Zadeike, E. Bartkiene, V. Krungleviciute, G. Juodeikiene Acidification rate, carbohydrate metabolism and enzyme active peptide production in rice bran medium by newly lactic acid bacteria

FOODBALT 2017

Poster No.	Author, Title of Poster
P15.	A. Rokaityte, G. Zaborskiene, S. Orentaite-Gustiene Antioxidant and antimicrobial activity of mixtures of taxifolin and ascorbic acid as alternative to the added nitrite in dry-cured sausages
P16.	V. Liorancas Chilled perch fillet quality improving using different essential oils
P17.	P. Zavistanaviciute, V. Krungleviciute, V. Starkute, E. Bartkiene Fermented and immobilized hemp seed products for the higher value biscuits production
P18.	E. Straumite, V. Sackis, T. Kinca, D. Klava Investigation of accelerated shelf-life testing method suitability for biscuits expiry day detection
P19.	D. Klupsaite, G. Juodeikiene, D. Zadeike, E. Bartkiene, Z. Maknickiene Impact of ultrasound treatment on <i>Lupinus angustifolius</i> protein, enzyme activities and microbiological contamination
P20.	V. Starkute, E. Bartkiene, V. Bartkevics, V. Krungleviciute, P. Zavistanaviciute, G. Juodeikiene The influence of fermentation technology on the amino acids profile and antioxidant properties of lupin seeds
P21.	K. Sprogis, T. Kinca, S. Muizniece-Brasava Investigation of fertilisation impact on fresh strawberries yield and quality parameters
P22.	I. Beitane, A. Blija, S. Boca, A. Aboltins, I. A. Skrupskis Research of half-finished frozen berry products
P23.	I. Krasnova, D. Seglina, K. Juhnevica-Radenkova, A. Aboltins, D. Karklina Fresh-cut apple quality providing using different anti-browning agents
P24.	I. Augspole, T. Kinca, L. Skudra, L. Dukalska The effect of hydrogen peroxide, ozonised water and Natureseal® AS5 solution on the microbiological parameters of fresh-cut carrots
P25.	D. Seglina, I. Krasnova, K. Juhnevica-Radenkova The quality evaluation of minimally processed pear slices after freezing
<i>Trends in new food product and technology development</i>	
P26.	K. Musayeva, A. Sederevicius, S. Bliznikas Detection and quantification of the milk proteins by RP-HPLC method
P27.	L. Rimkiene, L. Ivanauskas, M. Marksa, V. Jakstas Development of a simple RP-HPLC-ELSD method and extraction procedure for quantification of terpene lactone in ginkgo preparations
P28.	D. Povilaitis, P. Raskauskas, P. R. Venskutonis Optimisation of supercritical carbon dioxide extraction of <i>Echinops sphaerocephalus</i> using response surface methodology
P29.	R. Galoburda, A. L. Torres, S. Kampuse, Z. Kruma Effect of high hydrostatic pressure treatment on shelf life of strawberry, orange, rose hip and honey smoothie
P30.	S. Sazonova, R. Galoburda, I. Gramatina Application of high-pressure processing for safety and shelf-life quality of meat

FOODBALT 2017

Poster No.	Author, Title of Poster
P31.	S. Petraityte, A. Sipailiene Viability of the probiotic bacteria in the solutions of surfactants
P32.	A. Kalusevic, S. Despotovic, S. Levic, N. Ilic, S. Zilic, V. Nedovic Black soybean coat as a source of natural pigments: extraction and encapsulation
P33.	V. Starkute, V. Krungleviciute, E. Bartkiene, V. Bartkevics, D. Zadeike, G. Juodeikiene Cereal by-products conversion to stock with high content of <i>P. acidilactici</i> by using enzymatic treatment combined with solid state and submerged fermentation
P34.	J. Viskelis, M. Rubinskiene, C. Bobinas, D. Urbonaviciene, R. Bobinaite Enrichment of fruit leathers with berry press cake powder increase product functionality
P35.	V. Bradauskiene, K. Montrimaite, E. Moscenkova Facilities of bread enrichment with calcium by using eggshell powder
P36.	A. Liepina, I. Gedrovica, D. Karklina, T. Kince, E. Straumite Investigation of immature grains impact on quality properties of pastry products
<i>Food chemistry, analysis and quality assessment</i>	
P37.	A. Shleikin, N. Zhilinskaya, N. Skvortsova Morfometric and biochemical analysis of yeast cells under low temperature storage
P38.	A. Kiausaite, A. Novoslavskij, M. Malakauskas Prevalence and antimicrobial resistance of enteropathogenic <i>Yersinia</i> in pig tongues at retail markets in Lithuania
P39.	S. Gustiene, G. Zaborskiene, A. Rokaityte Usage of essential oils components and lactic acid in minced pork
P40.	C. Laranjeira, C. Ventura, S. Bermejo, S. Santos, M. Ribeiro, M. Lima, M. Henriques Used food oils: physical-chemical indicators of quality degradation
P41.	I. Sivicka, E. Osinska, Z. Kruma, A. Adamovics Content and composition of essential oil of oregano genetic resources in Latvia
P42.	G. Dauksaite, V. Kitryte, P. R. Venskutonis Isolation of aroma compounds and antioxidants from oregano (<i>Origanum vulgare</i>) by conventional and high-pressure extractions
P43.	L. Tomsone, Z. Kruma Influence of harvest time on the phenolic content of horseradish leaves
P44.	I. Augspole, M. Duma, B. Ozola, I. Cinkmanis Phenolic profile of fresh and frozen nettle, goutweed, dandelion, and chickweed leaves
P45.	L. Dienaite, M. Pukalskiene, A. Pukalskas, A. A. Matias, P. R. Venskutonis Antioxidant activity and phytochemical composition of extracts from <i>Paeonia officinalis</i> leaves
P46.	I. Cinkmanis, F. Dimins, V. Mikelsone Influence of lyophilization and convective type drying on antioxidant properties, total phenols and flavonoids in pollens
P47.	I. Laukaleja, Z. Kruma Evaluation of biologically active substances in specialty coffees

FOODBALT 2017

Poster No.	Author, Title of Poster
P48.	B. Sayed Ahmad, E. Straumite, M. Sabovics, Z. Kruma, O. Merah, Z. Saad, A. Hijazi, T. Talou Evaluation of nutritional quality of protein bread enriched with chia (<i>Salvia hispanica</i>)
P49.	K. Juhneva-Radenkova, V. Radenkovs, D. Seglina Effect of storage technology on structure and some physical attributes of apples (<i>Malus domestica</i> Borkh.)
P50.	V. Radenkovs, K. Juhneva-Radenkova, D. Seglina Effect of storage technology on some chemical attributes of apples (<i>Malus domestica</i> Borkh.)
P51.	R. Riekstina-Dolge, Z. Kruma Comparison of volatile and phenolic composition of commercial and experimental ciders
P52.	K. Gaigalaite, P. Kraujalis, P. R. Venskutonis Chemical composition and stability of camelina (<i>Camelina sativa</i>) seed oil obtained by conventional and high-pressure extractions
P53.	I. Cinkmanis, A.Grava Anti-aging compounds in Latvian wild growing plant of <i>Fallopia japonica</i>
P54.	M. Duma, I. Alsina, L. Dubova, I. Erdberga Quality of tomatoes during storage
P55.	K. Antonenko, V. Kreicbergs, I. Cinkmanis Influence of selenium, copper and zinc on phenolic compounds in rye malt
P56.	Z. Kruma, E. Straumite, D. Klava, T. Kinca, R. Galoburda Effect of germination to the content of B vitamins in cereal flakes
P57.	M. Sabovics, L. Gudreniece, T. Kinca, P. Semjonovs Investigation of fructans increasing possibilities in rye bread
P58.	D. Pyanov, K. Molchanova, E. Khrustalev The chemical composition of two commercial fish species - pikeperch (<i>Sander lucioperca</i>) and rainbow trout (<i>Oncorhynchus mykiss</i>) cultivated in artificial conditions
Food material / packaging interaction	
P59.	I. Cakste, M. Kuka, P. Kuka Migration of iron, aluminium, calcium, magnesium and silicium from ceramic materials into acetic acid food simulant
P60.	A. Ruzaike, S. Muizniece-Brasava, K. Kovalenko Shelf life determination of thermally processed potato main course in retort packaging
Sustainable processing and packaging	
P61.	R. Riekstina-Dolge, K. Treibaha Analysis of waste management in Latvian restaurants
P62.	R. Rimkevicius, D. Cizeikiene, G. Juodeikiene, J. Damasius, E. Bartkiene Bioconversion of agro-industrial by-products to lactic acid applying by enzymatic hydrolysis and lactic acid bacteria fermentation
Consumer behaviour and sensory issues	
P63.	A. Eglite, D. Kunkulberga Bread choice and consumption trends
P64.	A. Medveckis, T. Pigozne Influence of eating habits on people's wellbeing and life quality

FOODBALT 2017

Poster No.	Author, Title of Poster
<i>Food chain management (raw materials, logistics, economics, information systems, etc.)</i>	
P65.	A. Budriene, I. Koscelkovskiene, J. Margeliene, I. Pupeliene The survey of the economic value and meat quality indicators of beef cattle breeds in Lithuania
P66.	D. Kunkulberga, A. Linina, A. Kronberga, I. Lenenkova Grain quality of rye varieties grown in Latvia
P67.	A. Linina, A. Ruza, D. Kunkulberga Cultivar, weather condition and nitrogen fertiliser impact on wholemeal rheological properties
P68.	V. Sterna, L. Vilmane, S. Zute, Z. Vicupe, I. Karkla Evaluation of oat grain pertinence to production of flakes and porridge preparing
P69.	L. Basinskiene, G. Juodeikiene, D. Vidmantiene, Z. Maknickiene Functional properties of lupine (<i>Lupinus angustifolius</i> L.) protein hydrolysates and possible use in gluten-free products
P70.	L. Tamkute, R. Vinauskiene, P. R. Venskutonis The influence of freeze-dried celery juice on the colour formation of dry-fermented sausages
P71.	T. Talou, S. Grivot VFVV wheel: an interactive model illustrating potential valorisations of vegetables & fruits wastes
